Centre for de-addiction and rehabilitation

Parivartana is a centre for treatment and rehabilitation of victims of substance abuse & Psychiatric illness. It is established with the sole purpose of helping those who are willing to build bridges among their loved ones, and wipe off the social stigma haunting them. Parivartana is a transformational centre for those, who are in search of hope and happiness.

At Parivartana, we do not just treat the inmates. We facilitate change in their lives and help them to regain hope and fulfilment of their lifetime dreams. We set forth on this mission in creation of an addiction free society and bring smile back on the innumerable families who are indirect sufferers of substance abuse. To translate it into reality, we employ awareness programs, de-addiction treatment facilities and comprehensive rehabilitation programs.
